Shape Chart - Shape - More Shapes - Edit Shape

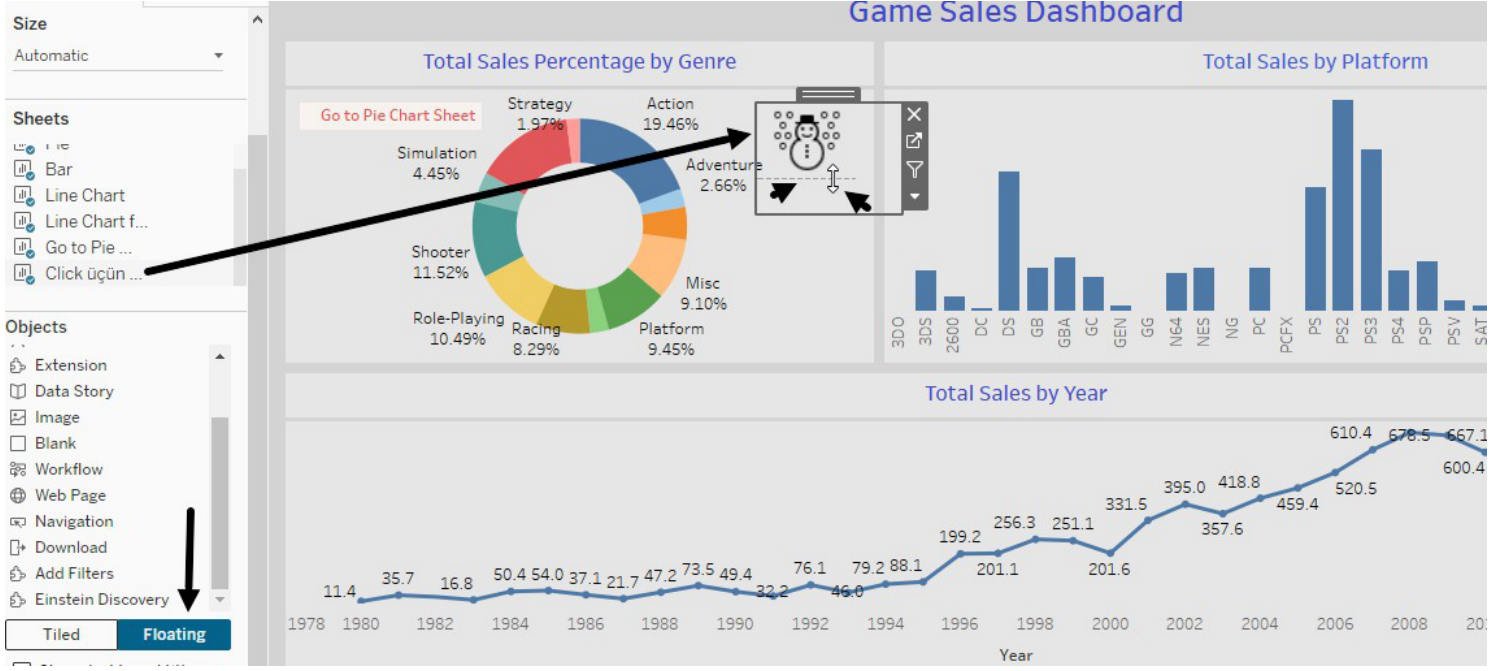

The image shows a Tableau interface with a shape chart. The main view displays a chart with a single data point represented by a blue circle. The text "Click için ikon" is visible above the chart. The left sidebar shows the "Columns" shelf with "ConsoleGames" and the "Rows" shelf with "SUM(O)". The "Marks" card is set to "Shape". The "Shape" dropdown menu is open, showing a grid of various shapes. A black arrow points from the "Shape" dropdown to the "Edit Shape" dialog box. Another black arrow points from the "More Shapes..." link in the shape menu to the "Edit Shape" dialog box. The "Edit Shape" dialog box is open, showing the "Select Data Item:" field with a dropdown menu set to "Weather". The "Select Shape Palette:" field is also set to "Weather". The dialog box displays a grid of weather-related icons. A black arrow points from the "Select Shape Palette:" dropdown to the "Weather" palette. The dialog box includes buttons for "Assign Palette", "Reload Shapes", "Reset", "OK", "Cancel", and "Apply".

Size-ı artırmak

The screenshot displays the Tableau Desktop interface with the 'Analytics' pane on the left and the 'Columns' shelf on the right. The 'Columns' shelf contains a text mark 'Click için ikon'. The 'Marks' card is selected, and the 'Size' property is being adjusted. A slider bar is visible, and a black arrow points to the 'Size' property in the 'Marks' card. Another black arrow points to the 'Click için ikon' text mark in the 'Columns' shelf. The 'SUM(0)' mark is visible in the 'Marks' card.
